PROFESSIONAL APPOINTMENTS

Postdoctoral Researcher, Psychology, *New York University* starting Aug 2024
 • Adviser: Marjorie Rhodes

EDUCATION

Ph.D., Psychology, *Stanford University* expected Jun 2024

- Dissertation: Structural thinking and its consequences: a developmental approach.
- Committee: Ellen M. Markman, Steven O. Roberts, Tobias Gerstenberg, Hyowon Gweon

B.A., Psychology with Honors & Minor in Philosophy, *The University of Chicago* 2018

- Honors thesis: Perspective-taking in mental imagery of the actions of others. ([thesis](#))
- Advisers: Daniel Casasanto & Susan Goldin-Meadow
- Tutorials in Metaphor and Philosophy of Cognitive Science, *St. Catherine's College, Oxford* Autumn 2017

RESEARCH EXPERIENCE & TRAINING

Graduate Researcher, [Markman Lab](#) (PI: Dr. Ellen Markman), *Stanford University* 2018–present

- Studying children's reasoning about social categories, including reasoning about social structure and the development of gender stereotypes.

Participant, [Diverse Intelligences Summer Institute \(DISI\)](#), *University of St Andrews* Jul 2019

- Selected to attend institute for collaboration across psychology, philosophy, sociology, and anthropology.

Participant, [Concepts in Action: Representation, Learning, and Application \(CARLA\) Summer School](#) Aug 2018

Institute of Cognitive Science, University of Osnabrück

- Selected to attend summer school & conference across psychology, philosophy, and linguistics.

Research Assistant, [Experience and Cognition Lab](#) (PI: Dr. Daniel Casasanto), *University of Chicago* 2014–2018

- Found that mental imagery and language processing about others' actions involves simulation of others' bodily perspective in an embodied cognition fMRI study (Zhang, honors thesis, 2018).
- Established that language processing about one's own actions involves simulation of one's own bodily experience in an embodied cognition tDCS study (Gijssels et al., 2019).
- Examined whether loudness affects perception of temporal duration in a study testing a cross-domain mapping proposed by metaphor theory.

Summer Intern, [Laboratory for Developmental Studies](#) (PI: Dr. Susan Carey), *Harvard University* Summer 2016

- Investigated formal explanations and domain information as potential sources of information in how children and adults develop representations of natural kinds (Zhang et al., 2016, poster).

Summer Intern, [Cognition and Development Lab](#) (PI: Dr. Frank Keil), *Yale University* Summer 2015

- Found that a decision-making context reduces a causal reasoning bias, the latent scope bias (Johnson et al., 2016).
- Studied whether adults compare explanations via iterative comparison.
